The screenshot shows the MongoDB Compass interface. On the left, a sidebar displays the database structure: 'Local' (localhost:27017), 'Cluster Standalone', 'Edition MongoDB 3.6.21 Community', and a list of databases including 'ze\_learning'. The 'ze\_learning' database is selected, showing a list of collections: 'ze\_aliases', 'ze\_programs', 'ze\_programs\_gn', and 'ze\_subjects'. The main panel shows a table of these collections with their respective document counts, average document sizes, total document sizes, number of indexes, and total index sizes. Each collection has a trash icon for deletion.
